

[Innobiz-K Ethiopia] Hackathon Result

Innobiz-K Ethiopia is an early stage and post-early-stage startup supporting hub jointly managed by KOICA and MInT to create quality jobs. Innobiz-K provides capacity building program (Incubation & Acceleration), IT platforms, and a maker space to enrich the startup ecosystem in Ethiopia. The major goal of innobiz-K is to enhance the ICT-based startup ecosystem by establishing a related platform and establishing and operating the innobiz-K Ethiopia.
